DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 21 is rejected under 35 U.S.C. 102(b) as being anticipated by Perkins (US 4637695).

Perkins discloses a mirror fixing method comprising forming a base plate(9) having a mirror(10) on a face thereof, providing a boss(1) on the other face thereof, forming a fixture(2) with an opening capable of receiving the boss, providing the fixture with a hole(4,5) extending through a side wall of the opening, fixing the boss with a fastener(6,7) using the hole, so that the base plate and the mirror are not in contact with other members (clearly shown in figs. 1 and 2). Thus, the mirror is formed on the one face of the base plate.

3. Claim 21 is rejected under 35 U.S.C. 102(b) as being anticipated by Softness (US 4991815).

Art Unit: 2872

Softness discloses a mirror fixing method comprising forming a base plate(15) having a mirror(21) on a face thereof, providing a boss(29) on the other face thereof, forming a fixture(27a,27b) with an opening capable of receiving the boss, providing the fixture with a hole(45) extending through a side wall of the opening, fixing the boss with a fastener(47) using the hole, so that the base plate and the mirror are not in contact with other members (clearly shown in figs. 1 and 2). Thus, the mirror is formed on the one face of the base plate.

Allowable Subject Matter

4. Claims 1,3-8,10-18 and 20 are allowed.
5. The statement of reasons for the indication of allowable subject matter was set forth in the previous office action mailed 6/9/05.

Response to Arguments

6. Applicant's arguments with respect to claim 21 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
